A young miscreant who was caring
near Gandara on Saturday, placed
a hooded sleeper across the line as
Ayacucho up-train came along at
miles an hour. The engine driver
off steam, whistled 'down breaks',
did all in his power to stop, but

whether caught the sleeper so that it was thrown off the rails, not even a shock experienced. As train moved on the guard saw the miserable young ruffian replacing the car across the track. The police hit him on Sunday, but it is useless to hope that he will get what he deserves—a sound flogging. The 'dignity of man' does not permit such a punishment in this 'advanced' realm of the earth.

PAPER RAILS.

American journals report that paper,
longer already for car wheels, can
be utilised for the manufacture of
rails in place of steel, which has almost
ceased iron. It is said in favour of
the new material that the cost per mile
will be less by one-third than that of
the old one.

With reference to the use of this material for car wheels, it is announced that the Northern Pacific Road made a contract with the Allen Car-Wheel Company for paper wheels necessary for the passenger, dining, postal, sleeping, baggage, pay cars, as well as the engine and ore trucks. This contract calls for 10 wheels.
